

JOHN G. SCHLYTERN.

John G. Schlytern, residing in Howard county, and counted among the leading citizens of his locality, is the youngest son of our subject. He was born in Sweden on October 7, 1863, and came to America with his mother and sister, joining the rest of the family who had come over some little time before. He was quite a young boy on arriving here, and received his early education in the public schools of Howard county, later attending the Luther Academy, which is a Swedish school located at Wahoo, Nebraska, spending about four years at this academy. From 1893 to 1898, he held the position of postmaster of Dannebrog, and has served as village clerk for over twenty years. He has been on the school board for the past number of years, and is a prominent member of the community in every capacity. Politically he is a democrat.

In March, 1891, Mr. Schlytern was married to Mary Erickson, who is a native of this county, born of Danish parents, the latter early settlers here, and well known pioneers. Five children have been born to Mr. and Mrs. Schlytern, namely: Edith M., Christian O., Helen S. C., Charles E., and Leonard G., all at home.

Mr. Schlytern is engaged in the real estate and insurance business and has a large clientage throughout the county and vicinity.
